INTRODUCTION TO YOUTH RED CROSS

The youth Red Cross is an international organization meant for humanitarian services. It is a non-religious, non- political and non- sectarian international body. Youth Red Cross is a part of the Indian Red Cross society. The main objective of the Youth Red Cross of our college is to donate blood. A well-defined blood donors club functions in our college and it takes care of blood grouping, conducting blood donation camps etc.

OBJECTIVES OF CLUB

Youth represent a substantial part of the membership of Red Cross for its humanitarian commitment. Young volunteers can make a significant contribution to meeting the needs of the most vulnerable people within their local communities through Red Cross youth programme. This has been designed to involve young people as much as possible in the movement and its activities not only as workers and also as beneficiaries, but as partners in management.

VISION & MISSION OF THE CLUB

The Indian Red Cross Society aims to inspire, encourage and initiate at all times, all forms of humanitarian activities so that human suffering can be minimized, alleviated and even prevented, thus contribute to creating a more congenial climate for peace.
