Barclays CSR Employability Skills Program for College

Final year Arts & Science Students

Dear Sir

Greetings from Skill x Training and Placement Solutions. Thanks for sharing your valuable time. Further to the introduction of this program to you and your appreciation of the same I submit the following details. We seek your support for the CSR Employability program initiated by Barclays Bank & Laurus edutech in your College Campus.

Skill x Training and Placement Solutions partnering organization with Laures Edutech-Barclays Bank CSR, for skill development project, is based out of Madurai and conducting employability program for the youth in India.

As part of this program, we are happy to train your college students and help them get a job opportunity. The trained students will get job opportunities in different corporate. The program is designed for 24 hrs, training on Soft Skills & interviewing Skills, Preparation of CV, introduction to digital world, etc..., the students will be guided and supported towards job placement in reputed Companies.

We will arrange the trainers for the program.

We do not charge any commercial either from the students or from the College for this program.

The students have to fill an enrollment form for participating in the training and placement program.

You are requested to please confirm the number of students and share the student's details for further process.

We will Conduct a Orientation Program to inform the Students about the benefits of the Program and Collect the details for Enrollment.

Project Background & Objectives

India has witnessed phenomenal economic growth in recent years. The services sector, especially has played a leading role in launching India on the growth trajectory. The fact that the service sector now accounts for more than half the GDP marks a turning point in the evolution of the Indian economy and takes it closer to the fundamentals of a developed economy.

However, India is facing a huge talent gap. The paucity of appropriate employable professional skills is evident, given the fact that over 16,500 colleges with over 99.50 lakh students are unable to cater to the growing employment requirements of the services sector. It is the right mix of industry knowledge and soft skills like presentation skills, communication skills and superior process orientation that would help open the doors of employment in the sunrise sectors of the industry.

In view of this, **Barclays has launched a Global Youth Employability Initiative** under the purview of its CSR, with the aim to bridge the skill gap and to present the students with a platform that would integrate industry required skills with the existing curricula

Project Objectives:

Provide the students with a unique bundled course that combines NSDC accredited Industry Linked QPs and Soft / Life Skills, to bridge the gap that exists between the existing curriculum & industry demands

Enhance employability potential of students by adding value to the undergraduate education in Government & Private colleges

Achieve its developmental and Corporate Social Responsibility goals by creating a platform for deserving youth to become Job Ready and get the opportunity for a sustainable livelihood Provide equitable, quality education to all and to see students gainfully employed

Barclays CSR Employability Skills Program for College

Final year Arts & Science Students

Dear Sir

Greetings from Skill x Training and Placement Solutions . Thanks for sharing your valuable time . Further to the introduction of this program to you and your appreciation of the same I submit the following details. We seek your support for the CSR Employability program initiated by Barclays Bank & Laurus edutech in your College Campus.

Skill x Training and Placement Solutions partnering organization with Laures Edutech-Barclays Bank CSR, for skill development project, is based out of Madurai and conducting employability program for the youth in India.

As part of this program, we are happy to train your college students and help them get a job opportunity. The trained students will get job opportunities in different corporate. The program is designed for 24 hrs, training on Soft Skills & interviewing Skills, Preparation of CV, introduction to digital world, etc..., the students will be guided and supported towards job placement in reputed Companies.

We will arrange the trainers for the program.

We do not charge any commercial either from the students or from the College for this program. The students have to fill an enrollment form for participating in the training and placement program.

You are requested to please confirm the number of students and share the student's details for further process.

We will Conduct a Orientation Program to inform the Students about the benefits of the Program and Collect the details for Enrollment.

Project Background & Objectives

India has witnessed phenomenal economic growth in recent years. The services sector, especially has played a leading role in launching India on the growth trajectory. The fact that the service sector now accounts for more than half the GDP marks a turning point in the evolution of the Indian economy and takes it closer to the fundamentals of a developed economy.

However, India is facing a huge talent gap. The paucity of appropriate employable professional skills is evident, given the fact that over 16,500 colleges with over 99.50 lakh students are unable to cater to the growing employment requirements of the services sector. It is the right mix of industry knowledge and soft skills like presentation skills, communication skills and superior process orientation that would help open the doors of employment in the sunrise sectors of the industry.

In view of this, **Barclays has launched a Global Youth Employability Initiative** under the purview of its CSR, with the aim to bridge the skill gap and to present the students with a platform that would integrate industry required skills with the existing curricula

Project Objectives:

Provide the students with a unique bundled course that combines **NSDC** accredited Industry Linked QPs and Soft / Life Skills, to bridge the gap that exists between the existing curriculum & industry demands

Enhance employability potential of students by adding value to the undergraduate education in Government & Private colleges

Achieve its developmental and Corporate Social Responsibility goals by creating a platform for deserving youth to become Job Ready and get the opportunity for a sustainable livelihood Provide equitable , quality education to all and to see students gainfully employed

We have successfully conducted Barclays CSR program with ,
